2026 NFHS Volleyball Points of Emphasis

HOST MANAGEMENT BEST PRACTICES

- By rule, hosts must provide a safe, stable platform. The first referee (R1) should carefully examine the stand prior to the match, and if the R1 determines that the platform is unsafe, the match will still go on, and the R1 will work from the floor.
- Referees should not use ladders, chairs, boxes, trash cans or similar substitutes that could endanger the well-being of the official.

HOST MANAGEMENT BEST PRACTICES

- Regularly evaluate volleyball equipment for signs of wear like frayed nets or cables, posts that are bending inwards, and padding that no longer protects or fits tightly — plus any parts that no longer hold proper tension. Any time you see a post or net that has been taped or improvised to keep it working, it is a sign the system is not performing — or protecting athletes and officials — the way it was designed to and should be replaced.

HOST MANAGEMENT BEST PRACTICES

- To set the match up for success, it is imperative that assistant officials (scorer, libero tracker, timer and line judges) are secured by host management and have reported to the first referee no less than 20 minutes prior to the starting time.

ELECTRONIC DEVICES

- At no time during the match may an official use an electronic device to review a decision of the referee.
- At no time shall the first or second referee consider replay.

Electronic Devices

- A team may use electronic devices during the match as long as they are not in restricted areas as determined by the host and as long as the first referee determines that they are not interfering with the contest.
- Referees are permitted to wear headsets for communication purposes. [Officiating Volleyball: Using Wireless Communication](#)
- State associations may have policies to further address the allowance and/or restriction of electronic device use during matches.

BENCH PERSONNEL – NON-PLAYING TEAMMATES

- Non-playing teammates (bench players) and other bench personnel have a role to positively support their teammates by celebrating and encouraging those playing on the court with spontaneous cheers.
- It is not legal for anyone on the bench to use props.
- A towel is athletic equipment and is not considered a prop if used in conjunction with a spontaneous celebration.

BENCH PERSONNEL – NON-PLAYING TEAMMATES

- Game officials shall not address spectators at any time; however, referees have the responsibility to notify game management of any spectator misconduct.
- Unsporting conduct by spectators is the responsibility of the host management. In the absence of host management, the responsibility for addressing spectator behavior shall revert to the host head coach.

IDENTIFICATION OF THE NFHS AUTHENTICATING MARK ON GAME BALLS

- All game balls are required to display the NFHS Authenticating Mark.
- Game officials must remain vigilant and report any non-compliant game balls to the state association office.
